Putnam City High School
Oklahoma City, Oklahoma

We are citizens of a city, though you won't find it on any map or globe. To us it is very real, but most people simply call it Putnam City High School. Some live here longer than others, but in three years we all leave. Yet a small part of each student remains; backstage at the All-School Play, on the football field when we made the winning touchdown, or by the locker with our carved names.

In our city, we have a government, the teachers and the Student Council; and a population, the classes with their many personalities. Still the real city is the individual student. Without him there would be no city, no Putnam City.

A big part of a city is its social life. Ours keep us busy with clubs, sports, plays, and numerous assemblies. The main business is, of course, study. The 8:30 to 3:30 time clock includes quite a lot of overtime.

Like any city, we have our dreams, our hopes, our plans for the future. Some of us desire a college education, others want to conquer the business world. Most of us will just be average people, with a family and a home.

The seniors have a special feeling about the city. For years it has been their life, a second home. Now they must leave it. With them go many memories the last Spring Formal, the Senior Assembly, and finally graduation. As they walk under the rose-covered arches, the city fades from view. But wherever we go and whatever we do, our city, Putnam City, will never disappear. It is timeless.

Dear Joan,

I truly think you are the sweetest gal I know. You're always had a friendly "Hello there" when we passed in the halls. You are a real cute doll with a wonderful personality and a lovely smile.

I hope you have good luck in the future and success come your way. You are always a success here at old P.H.S.

Love ya' always,
Norma Ross
(Sept 56-57)

In token of the appreciation for Mr. Ralph Downs's sincere interest in our school and its students, we dedicate the 1957 Treasure Chest.

Mr. Downs was graduated from Bethany Peniel College with a Bachelor of Science degree. He has been a member of the Putnam City teaching staff for the past seven years.

In Mr. Downs's schedule he teaches journalism and bookkeeping. He is sponsor of the Pirate Log, our school paper, which has improved greatly under his direction. The new Pirate Log offers subscriptions and advertising to merchants and many new features which have appealed to the student body.

In 1955 Mr. Downs accepted the position of school counselor. He willingly devotes three hours each day aiding our students in the proper choice of colleges and professions and in any problems they might have concerning education. By giving interest, personality, and aptitude tests, he has greatly benefited all the high school students.

As we dedicate the 1957 Treasure Chest, we hope Mr. Downs will become aware of the fact that we, as students of Putnam City, hold him in highest esteem.

... Our Administration

MR. D. D. KIRKLAND
Superintendent

1957 marks the thirty-eighth year of school experience for our superintendent, Mr. Kirkland. Seven of these years have been administered at Putnam City. During his administration, we have seen our school become one of the ten largest in the state. He has had the responsibility of nearly forty-five hundred students. During his seven years, we have seen the transformation of the old Arnett Building into a modern school building, the construction of a large Junior High, and buildings for the grade school. Due to the efforts of Mr. Kirkland and others, a bond was passed by the parents of our school district for a one-million dollar high School. The preliminary work has been started and will be completed by September of 1958.

The duties of the secretary to Mr. Kirkland are familiar to Mrs. Marjorie Hubbard who has held this position for seven years. Although Mrs. Lee Mason was secretary to Mr. Mayfield, our principal, last year, she is now assisting Mrs. Hubbard in the superintendent's office. The responsibilities of these ladies are limitless.

SECRETARIES, Left to Right: Mrs. Lee Mason and Mrs. Marjorie Hubbard

Mr. Mayfield's secretary, Mrs. Jo Ann Troyer, is new in the principal's office this year but she is well-acquainted with the high school and its students.

Mrs. Troyer is a 1956 graduate of Putnam City. She graduated in the upper five per cent of her class. Because she was well-liked by her fellow students, she received the Senior Citizenship Award. She was awarded a scholarship to A & M but instead, accepted the position as secretary to the principal.

Dear Class of 195

Congratulations on your graduation. Here is hoping that the training and association that you have had at Putnam City High School may be ever helpful to you in your further pursuit.

Up to now much of your reading and learning have been required to fulfill class assignments. From now on the choice of material you read will be more your own.

There is much great literature in the world today and of course there is much trash. May I take the opportunity to encourage you to seek out the best for your reading. I would especially recommend two sections for your thought and study. One is The Constitution of our United States. This is probably the greatest instrument of its kind in the world today. It has been the blue print by which this country has reached its great position. However, it is great because it has feeling and consideration for the individual.

The Holy Bible is the other selection that I would recommend for your constant thought and consideration. While the Constitution contains plans for building a great country the Bible contains plans for building a great life. I recommend them both to you.

Sincerely,

Leo C. Mayfield

For the first time in several years the Pirates won the Midland Conference Championship and competed in the State Class A play-offs. The members of the team received many individual honors and also gained the respect and pride of the entire school.

The team began the season with a new coach, Mr. Tom Vandemeer and only three returning lettermen. The main job was to build a good team, this was Mr. Vandemeer's task. He centered the squad around the juniors and sophomores who will take over the first string positions next season.

Girls Improve Physical and Mental Alertness

In sports the boys have nothing over the girls. At Putnam City we have a very active group. They participate in many games: tennis, table tennis, badminton, volleyball, softball, and basketball, in which they compete in tournaments with other schools. Besides learning the rules of good sportsmanship they keep trim, healthy figures.

After competing in a designated number of games, the girls receive letter sweaters to certify that they have lettered in the various sports.

Being in the Honor Society is the highest goal a student at Putnam City can attain. However, there is much hard work and study involved. Each member must retain a grade average of at least 2.5 and a citizenship grade of A's.

One of the projects of this organization is the production and selling of the student directories.

These Honor Society members of our city will be the contributors to the culture of the world of tomorrow.

Student Council

The Student Council with the assistance of the faculty serves as the government of our city, promoting better understanding and school spirit. The representatives are chosen from each home-room.

The officers and members of the executive group attended two conventions recently at Lawton and Tulsa with the purpose of exchanging ideas with others to better our school.

The goal of council for two years has been a Victory Flag. This goal was realized this year. The flag was to be flown after all school victories.

"A symbol of Putnam City's victory is this year's victory flag."

Vocal Music Department Features Assemblies

This year the vocal music department has had Mrs. Patsy Corrigan as director. She directed the Girls' Glee Club, Boys' Glee Club, Mixed Chorus, and various ensembles.

The big highlight of Putnam's music year was the annual Christmas assembly. It was given as a concert

with the theme, "What does Christmas mean to me?" The nativity story was read and accompanied with appropriate music.

During the spring the chorus takes part in several music contests and concerts.

Band

Nothing adds more to the spirit of a school, than to see their band in their colors marching on the football field. The Putnam City marching and concert band has proven their outstanding talent in winning many awards this year. In the fall they won first in marching competition at the Highway 66 opening. The 7:30 practice during the football season, produced many attractive and interesting half-time ceremonies. The band has contributed their time aiding the pep club at the morning pep assemblies.

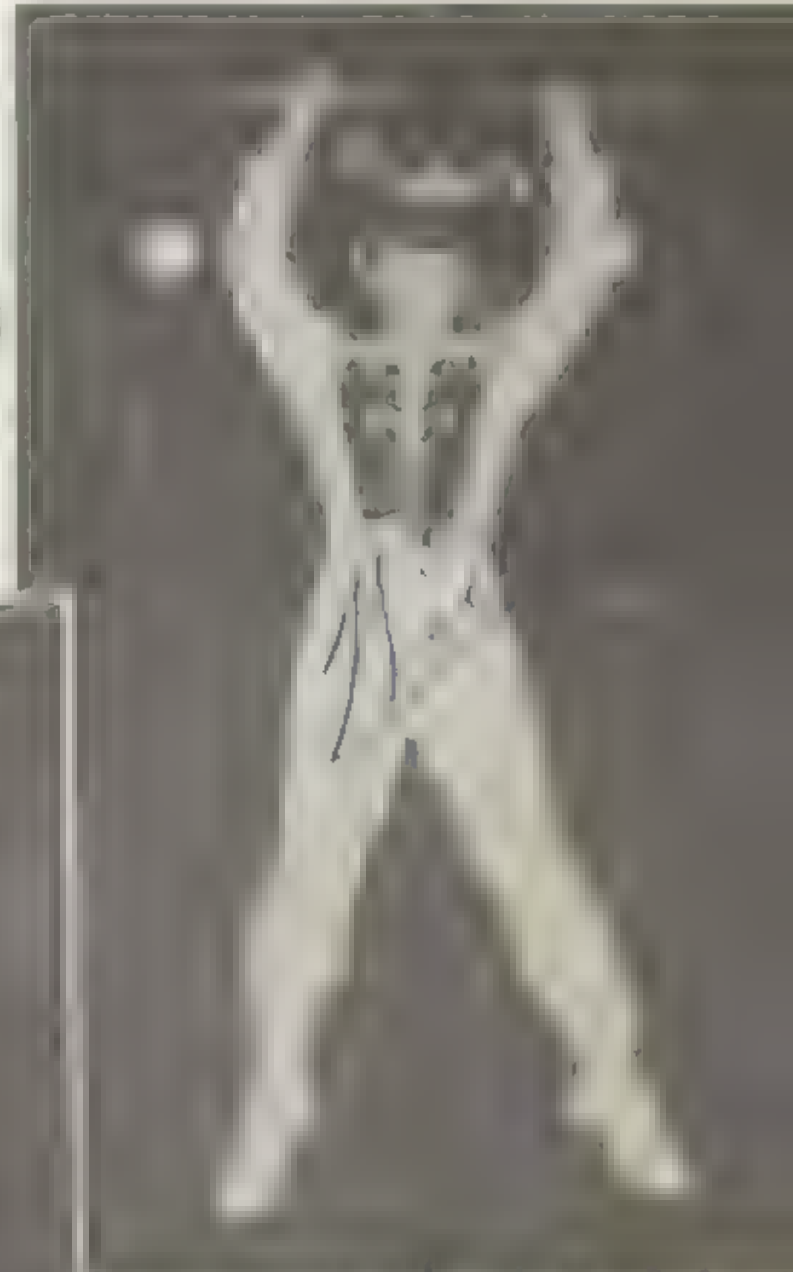

A program of concert music was presented in the spring to the enjoyment of the students and members of the community. Several contests were entered by the band. The students will long remember the music of this group.

The Princess Pirate Pep Club, complete with a one hundred seventy-five girl membership, is one of the most beneficial organizations at Putnam City. Its activities are numerous and appreciated by the entire student body. One of the most important functions is the preparation and presentation of the pep assemblies each Friday morning. In addition, the girls have done an excellent job in keeping the school spirit alive during the year by attending all of the athletic events and by supporting our teams in all that they do.

Drama Adopts Pie

The drama department, Mrs. Wood and a few ambitious students started with little equipment this year. Many things were to be decided in this year's production, all requiring hard work and sacrifice. There were color schemes to be chosen, furniture to be acquired, and stages to be built. The students worked hard to even the heavy odds and to make this year one of the most outstanding the Drama department has experienced.

The Junior Play was given on February 28th and to

the delight of the students was also a comedy. It's seltzer bottle and German maid added much laughter. Both plays were very successful and each netted about four hundred dollars. These productions profited this year and provided wholesome entertainment for the student body.

To Joan,
Well, here, the year is just about over and summer
is approaching. I can't tell you how much I have
enjoyed knowing you this year. I have really had
fun this year.

You have been a shining example for me and there
have been times when I was really depressed and you
have brightened things for me.

I hope that everything good in life comes to you.
I know it will and if anyone deserves it you do.

I know that all my life I think back and you
will always stand out brightly.

May God bless and help you forever.

Dear Joan,

It's been fun this year, hasn't it? How could I have ever struggled through chemistry without you. And drama - what a ball! I hope plays, we were both such great actresses. I'm glad you were my locker-mate and only wish I were a junior so that we could graduate together next year. But just because we won't be going to the same school doesn't mean the end of our friendship. We will have to get together a lot this summer and have a ball! I think you are one of the funniest, the spunkiest and the friendliest girls I know of. In short "Joan!" like you, you're a good kid.
